- **MODULAR, SCALABLE, VARIABLE SIZES**
- **VALIDATED AND CERTIFIED ACCORDING TO MEDICAL STANDARDS**
- **DIGITAL AND VISUAL INTEGRATION IN HEALTH COMPLIANCE SYSTEMS**
- **MADE IN GERMANY**

GoGaS announces the UV-C partnership with well-known organizers of international symposiums, conferences and trade fairs. As an exclusive partner, the company will accompany events with its UV-C system solutions as a firewall to protect the participants and reduce the risk of infection.

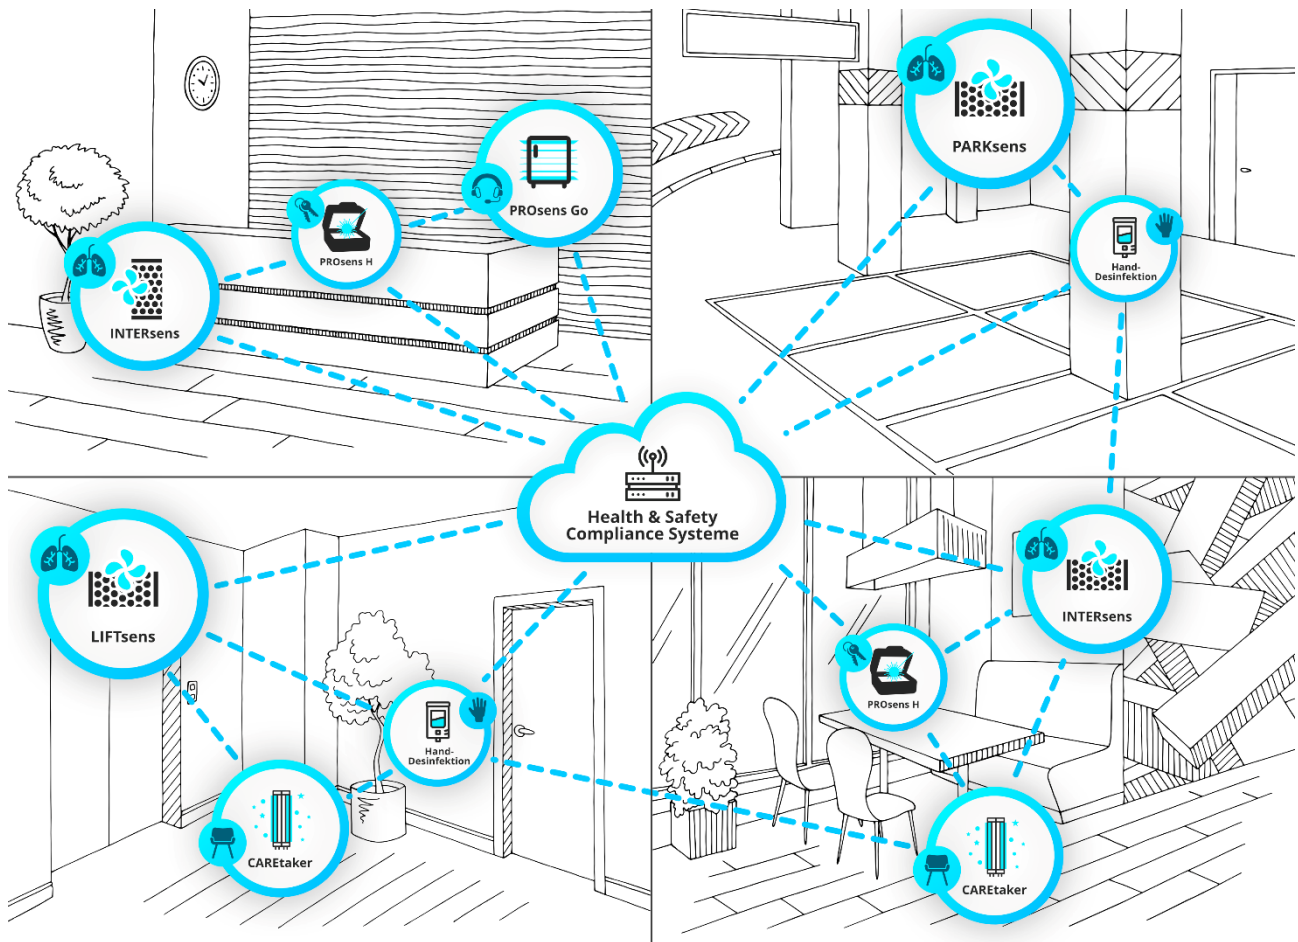

GoGaS provides the appropriate system components of its integrated Health & Safety portfolio for an environmentally friendly and gentle disinfection, including consultation and creation of a tailor-made safety concept. GoGaS also takes over the operational implementation of the UV-C disinfection of the event areas such as:

- Conference rooms
- Meeting rooms
- Exhibitor areas
- Sanitary and service areas
- Elevators

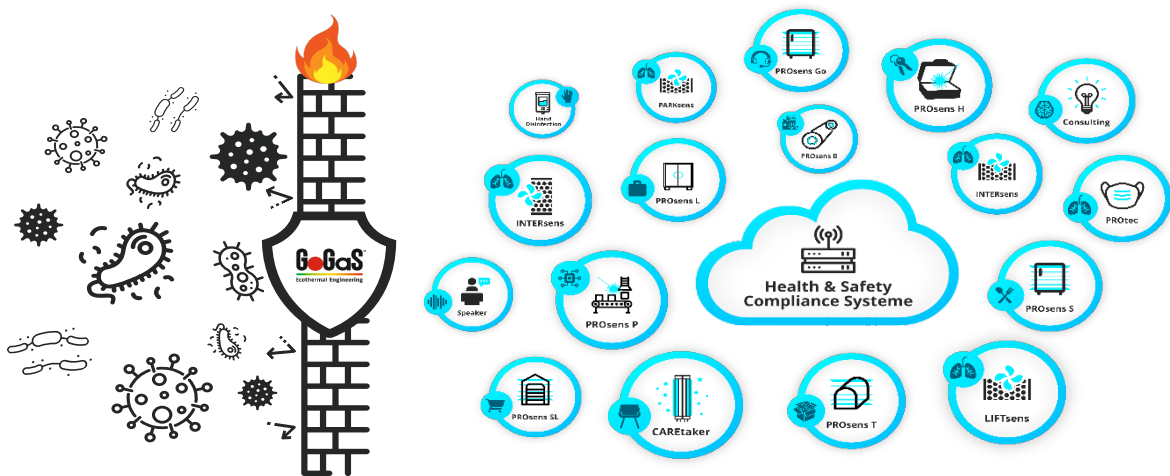

The exclusive collaboration includes top international events such as

- Innovationsforum Bayern, October 2020
- Post, Parcel Expo Vienna, October 2020
- Automotive Forum Ludwigsburg, November 2020
- Construction Equipment Forum Berlin, November 2020
- Aviation Forum Hamburg, December 2020
- Future Battery Forum Berlin, December 2020
- Passenger Terminal Amsterdam, April 2021

As a well-known manufacturer, GoGaS, with its Health & Safety Solutions division, offers organizers a complete portfolio for all areas from arrival to departure, including the safe and gentle UV-C disinfection of personal items, conference facilities, conference equipment and many more.

The system modules act as a new kind of firewall with the aim of improving the protection of organizers and participants in a sustainable, transparent and environmentally friendly way. For this purpose, the various system modules are coordinated and arranged for each event in order to reduce the risk of infection, not only with COVID-19, but also with other pathogens such as bacteria, germs, fungi and viruses.

## THIS IS GOGAS:

Established in 1946, GoGaS has become a key innovation and technology partner to many customers and Who is Who in their industries, providing sustainable, environment friendly and innovative turnkey solutions for buildings, manufacturing process up to CO2 neutral operation.

The unique portfolio includes a wide range of modular system and turnkey solutions such as IR, UV, UV-C, Aircondition, Heating, Cooling, Ventilation, Solar Systems and others for stationary, mobile and portable in- and outdoor applications. The company is active in several standardization committees, defining the next generation of technology standards such as TGA+.

GoGaS is a key stakeholder in leading associations and initiatives, such as VDMA, figawa, Export Initiative Energy, ELVHIS and others. As an active member of the BLUE COMPETENCE ALLIANCE, GoGaS is also driving the future of environment friendly and energy efficient planning, building and operating of B2B buildings, thus optimizing its CO2 footprint and maintaining the highest possible asset valuation, ROI and TCO for investors, owners, operators and tenants at the same time. The company is also involved in key research programs of the EU and industrial technology partners.

GoGaS provides its customers with turnkey solutions, reducing the number of interfaces, eliminating delays in the Supply Chain and project execution and provides a life time warranty and support service.
